PORTFOLIO

[ayomide-portfolio-six-topaz-27.vercel.app](#)

WORK EXPERIENCE

- Junior Web Developer (Intern)** JAN 2024 - DEC 2024
Xeras Labs - Akure
Collaborated with a team to deploy and manage web applications using GitHub Actions. Integrated APIs and contributed to front-end functionality using React and JavaScript. Assisted in debugging, testing, and maintaining codebases under the guidance of senior developers. Gained hands-on experience with engineering tools and contributed to team projects.

- Junior JavaScript Developer** Aug 2024 - Apr 2025
Mr Timothy Turing

Supported AI model training using React-based interfaces. Utilized labeling tools to validate model outputs for accuracy and consistency. Provided structured feedback to improve model predictions and data quality. Strengthened skills in API-driven environments and real-time system interactions.

ADDITIONAL INFORMATION

- Open to internship, remote-friendly roles with flexible working hours.
- Strong communication skills and proven ability to collaborate in remote teams.
